TILE PRODUCT BROCHURE

An extensive range of high-quality ceramic and porcelain tiles, hand-picked to provide our trade customers with an industry leading selection of wall and floor tiles.

NAVARRO TILES

ENDLESS LUXURY

WELCOME

We are a leading supplier of high-quality porcelain and ceramic tiles, which are ideal for many residential, commercial and architectural projects. Founded in 2020, the team behind Navarro Tiles has many years of industry experience and when combined with our passion for sourcing unique tiles, our range is quickly becoming a source of inspiration for designers across the UK and Ireland.

NAVARRO TILES

As an experienced team of industry professionals, we are ideally positioned to offer a full range of porcelain and ceramic tiles to our wholesale retail customers. We have partnered with some of the best tile manufacturers in Europe and we are pleased to offer our customers high-quality, cutting-edge designs at great prices.

Our customers are very important to us – so we strive to offer the best products available combined with our expert advice, and we are extremely proud of the range we offer. Our range of tiles is available on a trade only basis throughout the UK and Ireland, with this brochure acting as a guide to the type of tiles we have available. As the range is continually evolving, we are always adding new collections, so please contact our team if there are specific styles of tiles that you are searching for.

USEFUL INFORMATION:

In bathrooms, wetrooms and shower areas, it is important that tiles are installed onto a water-resistant surface. This can be achieved using tile backer boards and a Category C2 tile adhesive, with waterproofing tanking kits available to waterproof plasterboard or plastered surfaces. The background should be carefully prepared to ensure it is clean, dry and able to support the weight of the tiles before installation begins.

If large format tiles are installed, it is important to ensure the surface is flat before installing tiles, as tolerances are based on the size of the tile. During installation a Class 2 plus F, T, E, S1 or S2 adhesive needs to be used and should cover 100% of the tile, with buttering as the tiles are fixed in place.

PLEASE NOTE: WE DO NOT RECOMMEND FIXING LARGE FORMAT TILES MEASURING MORE THAN 60x30MM IN A BRICK BOND STYLE PATTERN.

There are a variety of thin tiles available which range from 3mm to 5.5mm in thickness, these are developed to meet all relevant technical standards. However, we always advise seeking further advice from the tile adhesive manufacturer or supplier before installing thin tiles.

COORDINATING TILES

A RANGE OF WOOD-EFFECT TILES THAT ARE PERFECT FOR CREATING THE NATURAL LOOK OF A WOODEN FLOOR, WITHOUT THE MAINTENANCE

WOOD-EFFECT TILES

WOOD-EFFECT TILES

Wood-effect tiles are an excellent alternative to natural wooden floors, and with a variety of sizes and timber styles available they are a very popular choice. Unlike natural timber floors, our wood-effect tiles are very durable and require very little maintenance to maintain their showroom finish.

In addition, thanks to the porcelain design, the tiles can be used with underfloor heating without having to worry about warping and drying out, which is often associated with wooden floors. Whether you are searching for a honey oak finish, a dark wood, or a light Scandinavian tone, there are many realistic wood-effect tiles in our extensive collection.

MANOR

WOOD-EFFECT TILES

MEASUREMENTS: 80 X 442MM / 3.14 X 17.4"

QUANTITY PER SQUARE METRE:28.5

These wood-effect tiles are ideal for those who are looking to add warmth and character to a tiled wall or floor area, with the added benefit of being durable and practical. The realistic wood grain effect is available in a range of matt finishes, and thanks to their size, there are a multitude of potential layout options. A popular choice is the chevron style pattern, which can be used to create a bold statement within hallways, bathrooms and kitchens.

HIGH-QUALITY
LARGE FORMAT TILES,
CHOSEN FOR THEIR
STYLE AND DURABILITY
FROM LEADING EUROPEAN
MANUFACTURERS

LARGE FORMAT TILES

LARGE FORMAT TILES

Our large format tile range is always a popular option with showrooms, tilers and customers alike. These porcelain tiles are proving to be an excellent addition to any tile range, with customers benefitting from their hard-wearing design, style options, sizes and finishes.

The manufacturing process of porcelain tiles involves immense pressure, which results in an incredibly hard, dense, smooth and fine-grained tile. This extreme durability makes them ideal for use in high-traffic areas, where surfaces need to be extremely hard-wearing.

In addition, the denseness of porcelain tiles enables them to be used as large format tiles as they are less likely to chip, and we are pleased to offer a variety of these popular large sizes within our range.

CAPRI

MATT FINISH TILES

600X600MM / 24 X 24" AND 600 X 1200MM / 24 X 48"

QUANTITY PER SQUARE METRE: 2.78 OR 1.38

The Capri tile range is inspired by the understated elegance of the typology found on the island of Capraria in Italy. Known for its moonstone-like appearance, this collection is available in both grey and sand shades, with a matt finish that ensures durability and a consistent, sleek look across the porcelain tiles. Designed for high performance and low maintenance, the Capri range offers a sophisticated flooring solution that meets the practical needs of any space while providing a modern aesthetic.
